"service level agreement" means a legally binding agreement between the SEZ Board and government entities defining the operational framework in the implementation of the special economic zones programme;

"special economic zones entities" means —

an investor;

a developer;

a zone management company; and

a zone resident:

"special economic zones land" means land and other immovable property within a special economic zone, including infrastructure, buildings, and other facilities;

"zone management licence" means a licence issued under regulation 21 (1) (b); and

"zone resident" means a person who resides in a residential area within a special economic zone.

### PART II – Establishing of Special Economic Zones

Establishment of Special Economic Zone

- **3.** (1) A zone may be established on public or private land.
  - (2) A proposal for the establishment of the zone may be initiated by -
    - (a) the SEZ Board or
    - (b) an outside party.
- (3) The outside party shall submit a proposal under subregulation 2 (b) to the SEZ Board.
- **4.** (1) For the purposes of section 29 (5) of the Act and regulation 3 (3), a proposal for the establishment of a zone shall
  - (a) include the following
    - the geographical location, boundary specifications and map coordinates of the area;
    - (ii) the property registration details;
    - (iii) the planned economic activities of the proposed zone;
    - (iv) the timetable for the proposed development; and
    - (v) any other information as the SEZ Board may deem necessary; and
  - (b) specify the extent to which the proposal addresses the provisions of regulation 8 (1);(c) demonstrate expertise for the development, operation, sufficient access to financial resources, administration and expertise in management of zone;
  - (d) in the case of a public private partnership, indicate its ownership structure, requirements for transfer of shares and distribution of assets upon liquidation of the public private

# Requirement for proposal to Establish Special Economic

Zones

- partnership, revocation or expiration of the declaration in accordance with the provisions of regulations 10.
- (e) be accompanied by a feasibility study report prepared in accordance with the guidelines set out in Schedule 1 except in the case of a single factory zone.
- (f) Prepare business plan with verifiable qualitative and quantitative indicators linked to zones objectives outlined in Regulations
- (2) An outside party that submits a proposal to the SEZ Board under regulation shall in addition submit
  - (a) an application for a developer license;
  - (b) if the area is already developed and no additional development activity is planned, an application for a zone management license; or
  - (c) an application for a developer and zone management licence.
- 5. (1) The SEZ Board shall within 14 days after receipt of a proposal under regulation 3 (2) inform the outside party, by notice in writing –
- (a) whether the proposal is complete in accordance with the objectives set under section 30 (1) of the Act and the requirements under regulation 4; and
  - (b) if the proposal is not complete, in the notice referred to in this regulation:
    - (i) specify the outstanding information or documents; and
    - (ii) request the outside party to submit a complete proposal within 14 days of receipt of such notice.
  - (2) Within seven days after receipt of a complete proposal, the SEZ Board shall consider and determine whether to recommend the proposal to the Minister for approval.
  - (3) The SEZ Board may -
    - (a) conduct such investigation into any matter related to a proposal submitted under regulation 3 (3) as it may be deemed necessary; and
    - (b) conduct such inspection of the outside party related to the proposal as it may deem necessary.
- 6. (1) Subject to the provisions of regulation 7, the SEZ Board shall review a proposal within 60 days of submission by the SEZ Board and may
  - (a) approve the proposal; or
  - (b) reject the proposal.
  - (2) Where the Minister rejects a proposal, the Minister shall
    - (a) inform the SEZ Board of the decision, in writing, stating the reasons therefor;
    - (b) recommend the modification of the proposal for compliance with the Act before it is approved.
  - (3) The provisions of regulation 5 shall apply, with the necessary modifications to the review of proposal initiated by the SEZ Board in accordance with regulation 3 (2).
- 7. (1) Where in the opinion of the SEZ Board, the establishment of a zone is likely to raise public interest concerns, the SEZ Board shall publish, by notice in the Gazette and in a newspaper of nationwide circulation, a preliminary notice, in accordance with subregulation (2).
  - (2) The notice under regulation (1) shall
    - (a) contain the information referred to under regulation 4 (1)(a)
    - (b) invite any interested person to submit written comments or objections to the SEZ Board within 14 days from the date of publication of the notice.
  - (3) The SEZ Board shall, within 30 days after publication of the notice under subregulation
    - (2)
    - (a) consider the comments or objections submitted under subregulation (2)(b) and decide whether the comments or objections should be reflected in the proposal; and
    - (b) In writing, notify the persons who submitted objections or comments, of its decision.

### Criteria for evaluation of proposals

- **8.** (1) A proposal for the establishment of a zone shall be recommended by the SEZ Board to the Minister for approval if it satisfied that the proposal has verifiable quantitative and qualitative indicators that
  - (a) advances industrial development in the country;
  - (b) contributes to the attainment of the special economic zone objectives outlined under section 30 (1) of the Act; and
  - (c) meet the criteria specified under subregulation (2)
  - (2) When evaluating a proposal under subregulation (1), a SEZ Board shall consider:
    - (a) availability of land, including -

- (i) sufficient dimensions of the proposed special economic zone required to support a diverse and competitive business environment; and
- (ii) ease in identifying interests in the land proposed for the special economic zone and should be free from any potential disputes, conflicts and claims and;
- (b) industrial dynamics within the proximity of the boundary of the proposed zone which inter alia include presence of multiple investors and business activity engaged in formal, registered economic activity with potential to become anchor tenants in the zones or business partners.
- (c) connectivity and accessibility within the proximity of the boundaries of the propose zone shall include –
  - (i) access to railway, airport, border post;
  - (ii) access to roads; and
  - (iii) access to consumption markets and adequate labour.
- (d) infrastructure within the proximity of the boundaries of the proposed zone including
  - (i) access to reliable water waste treatment and sewerage;
  - (ii) water distribution networks
  - (iii) roads outside the proposed zones
  - (iv) social infrastructures such as hospitals, schools, retail businesses and hotels; and
  - (v) enough distance of the proposed zone's asset from hazardous infrastructure.
- (e) socio-environmental factors, including -
  - (i) compliance with socio-environmental requirements specified in national laws;
  - (ii) ideal climate for the anticipated activities in the proposed zone;
  - (iii) adequate security in the area; and
  - (iv) ability to relocate the population in a cost effective and socio economically acceptable
    manner in cases where the proposed zone may involve relocation of commercial or
    agricultural activities; and displacement of people, respectively;
- (f) Topographic and construction conditions including
  - (i) soil and subsidence conditions;
  - (ii) level and grading;
  - (iii) erosion conditions; and
  - (iv) soil contamination.
- (g) potential developmental impact of the proposed zone, which inter alia include the possibility of
  - (i) increasing opportunities for lower income populations and improving the quality of life;
  - (ii) positive influence on national or regional infrastructure planning;
  - (iii) positive socio-economic outside the proposed zone;
  - (iv) coherence with other development projects in the area;
  - (v) coherence with land use master plans;
  - (vi) increased economic diversification;
  - (vii) skills development and training of the workforce; and
  - (viii) employment creation.
- 9. (1) Without prejudice to the provisions of section 30 (2) of the Act, an area declared as a zone may be established into a single or multiple sector special economic zone, which may be developed into
  - (a) Industrial Economic Zones;
  - (b) Tourism and Biodiversity-Based Economic Zones;
  - (c) Traders or Exporters Economic Zones:
  - (d) Free Export Economic Zones;
  - (e) Film Industry and Creative Sector Economic Zone;
  - (f) Agro-Processing Economic Zone;
  - (g) Bio-mass / Green Economic Zone;
  - (h) Blue Economy Economic Zones;
  - (i) Such other zones as may be determined by the SEZ Board.
  - (2) The SEZ Board may classify a special economic zone as one or more types of zones specified in section 30 (2) of the Act and subregulation (1), if
    - (a) the specialization advances the attainment of national development goals;
    - (b) there is a strong demand for the specialization shown by the classification; and
    - (c) the location for the establishment of the zone is suitable for the specialization.
- 10. (1) Upon the recommendation of the SEZ Board, the Minister may prescribe the issuance, variation, revocation, cancellation or suspension of a license issued under section 30 (2) of the Act.
  - (2) Upon the recommendation of the SEZ Board, the Minister may revoke in part or in whole a declaration under section 30 (2) of the Act, if satisfied that –

Types of special economic zones

Issuance, variation, revocation, cancellation or suspension of license

- (a) The objectives of the Act are no longer served by the declaration;
- (b) the revocation will be done in accordance with applicable laws and guarantees protection of private property; and
- (c) no discrimination is caused as a result of the revocation of the license.
- (3)Before revoking a declaration under subregulation, the Minister shall
  - (a) in writing, inform the businesses and licensees located in the zone and any other affected persons of the intention to revoke the license as well as the reasons for the intended revocation;
  - (b) in writing, request the businesses, licensees or other affected persons referred in paragraph (a), to submit written objections or comments to the Minister within 30 days of receipt of such request.
  - (c) after consideration of the objections and comments submitted under subregulation (1) (b), the Minister may accept or reject the recommendation of the SEZ Board.
  - (d) Any business, licensee or person who is aggrieved by a decision of the Minister in rejecting an application or variation of a license, or the cancellation or suspension of a license, my appeal against such decision before the High Court within 30 days of such decision being made.
- (4) Nothing contained in these Regulations shall prevent the Minister from declaring as a zone any area whose declaration as a zone has been previously revoked.

### Expiration of the declaration

- 11. Unless otherwise stated in the notice under section 14 (1) of the Act, a declaration of a zone shall expire after a period of five years from the date of publication of the notice, if
  - (a) the SEZ Board or outside party, as the case may be, has not developed the land in accordance with section 5(2) of the Act; or
  - (b) a developer license has not been issued by the SEZ Board in respect of the zone.
- Conversion of export processing zones to special economic zones.

Participation of

partnership and

private sector in

development

of special economic zones infrastructure

public-private

12. Any export processing zones developer, export processing zones operator or export processing zones enterprise may apply for designation as a special economic zones developer or special economic zones operator or special economic zones enterprise subject to the provisions of the Act and these Regulations.

### PART III – Development of Special Economic Zones Infrastructure

- 13. (1) In developing zones infrastructures, the SEZ Board may
  - (a) enter into a public private partnership arrangement;
  - (b) undertake the development of the infrastructure on its own initiative; or
  - (c) appoint an independent developer.
  - (2) Where the SEZ Board appoints an independent developer or enters into a public private partnership arrangement, the independent developer or public private partnership arrange, as the case may be shall be responsible for the administration and management of the operations of the zones.
  - (3) where a zone is established under regulations 3 (2) (b), the outside party may
    - (a) develop the zone; or
    - (b) appoint a developer to undertake the development of the zone infrastructure.
  - (4) Where the SEZ Board or outside party appoints a developer under subregulation (1) (c) or (3) (b), SEZ Board or outside party, as the case may be, shall conclude an agreement for the development of the zone with the developer.
- 14. A development agreement under regulation 12(4) shall include –

### Development Agreement

- (a) the obligations of the developer with respect to the development of business concept or development plan of the proposed zone and development and management of the operations of the zones concerned as an integral part of the development agreement;
- (b) the authorities conferred on the developer for the respective zone, including provisions regarding
  - (a) the developer's authority to admit entities into the zone and allocate them land in line with outlined eligibility criteria and procedures;
  - (b) the developer's authority to act as a facilitating agency and liaison between the SEZ Board and zone entities; and
  - (c) the developer's responsibility for the maintenance of utility services and infrastructure.
- (c) the financial obligations of the developer;
- (d) rights, entitlements and protections of the developer in the respective zone as outlined in the Act or any other relevant laws;
- (e) rights, entitlement and protections of the investors in the respective zone as outlined in the Act or

### any other relevant laws;

- procedure to be followed by developers to invoke the sights, entitlements and protections outlined under paragraph (e);
- dispute settlement procedures;
- (h) the rights of the SEZ Board with respect to the zone concerned.

### 15. The developer shall – Responsibilities

- implement the development plans for the zone in line with the development agreement and master plans approved by the SEZ Board;
- (b) develop the zones -
  - (a) in line with the Act;
  - (b) in a commercial manner; and
  - (c) in line with the long term sustainable economic development goals of the country.
- (c) adhere to performance requirements of the phased development schedule for the zone specified in the development agreement, as well as the development obligations required by SEZ Board which inter alia include amount of, and the time schedule, capital and debt financing;
- (d) pay all taxes or fees due to customs and SEZ Board or any competent authority;
- (e) maintain company records or books, accounts and financial statements in accordance financial reporting standards;
- (f) when transferring any occupancy rights with respect to the zone land and other assets, shall secure prior approval from the SEZ Board;
- in accordance with commercial considerations as regulated by applicable written laws, set fees for any utilities and other basic services provided by the developer;
- construct infrastructure such as transportation connections, site infrastructure and residential areas;
- comply with the development agreement, any other obligations under the Act or any other written

### PART IV - Management of Special Economic Zones

#### Management οf Special Economic Zones

of the developer

- 16. (1) Except where the zone is developed by an outside party or through a public private partnership or is under occupation of another person as contemplated under section 35 (2) of the Act, in accordance with section 17 (1) of the Act, upon designation of an area as a Zone, the SEZ Board may sub-contract management of the Zone to a Zone Management Company to—
  - (a) manage the zone; and
  - (b) provide the entity with the resources and means necessary to manage and operate the zone, including, the transfer of control of the land comprising the area designated as a zone.
  - (2) Where the SEZ Board appoints a zone management company under regulation 15 (1), the SEZ Board shall conclude a zone management agreement with the zone management company
  - (3) In its administration or management of a zone, the SEZ Board shall
    - (a) within the framework of the zones' strategy, implement the strategic plan of the zone;
    - (b) make improvements to the zone and its facilities;
    - (c) facilitate the provision of infrastructure and other services required for the zone to achieve its strategic and operational goals;
    - (d) provide adequate demarcation of the zone from any applicable customs territory for the protection of revenue together with suitable provision for the movement of conveyances, vessels and goods entering or leaving the zone;
    - (e) provide adequate security for all facilities in the zone;
    - (f) in order to promote efficient and their safety, develop rules and guidelines for businesses within the zone
    - (g) promote the zone as destination for the both domestic and foreign investment;
    - (h) facilitate a one stop service centre that delivers the required services under regulation 38 to businesses operating in the zone; and
    - in order to the effective functioning of the zones, undertake any other activity and exercise any other right in accordance with the Act
  - (4) Where a zone is established under regulation 3 (2), a zone management company may be appointed by an outside party to manage the zone;
  - (5) Where an outside party appoint a zone management company, a zone management agreement shall be concluded between the outside party and zone management company;
  - (6) A zone management company may -
    - (a) in accordance with the Act and these Regulations, acquire and maintain occupancy rights;
    - (b) exercise such other rights under these Regulations, the SEZ Act and zone management

Financial reporting and financial statements of zones

agreement between the zone management company and SEZ Board or outside party, as the case may be.

- 17. (1) The provisions of sections 24, 25, 26 and 27 of the SEZ Act, with the necessary modifications apply to zone management company.
  - The financial statements and annual are required in terms of subregulation (1) shall

  - (c) subject to approval by the SEZ Board, subcontract private third parties' financing, business, entities for the design, development and servicing of the zone land, on-site infrastructure and other assets.
  - (d) subject to compliance with the applicable requirements, the incentives determined by the SEZ Board; and
  - (e) such other rights under the Act and the zone management company's or developer's license.
  - (2) A zone management company or developer shall -
    - (a) manage the operation of their respective zones
      - (i) in a commercial manner;
      - (ii) in conformity with relevant written laws and international best practices; and
      - (iii) in accordance with the long-term sustainable economic and national development goals of Namibia.
    - (b) comply with the conditions in their respective agreements;
    - (c) not lease or sell zones land to any person unless authorised by the SEZ Board;
    - (d) develop and implement an effective social and environmental management system approved by the SEZ Board in accordance with these Regulations;
    - (e) avoid discrimination and ensure equal treatment in the delivery of services to zone entities;
    - (f) supervise and monitor activities in the zones for compliance with the SEZ Act and these Regulations;
    - (g) Notify the SEZ Board immediately upon becoming aware of non-compliance with any or contravention of the Act or these Regulations within their respective areas of operation; and
    - (h) comply with all of the obligations imposed on zone management companies and developers under the SEZ Act and these Regulations.

## **24.** (1) Subject to subregulation (2) the Authority may delegate to a zone management company or developer, the responsibility for making and enforcing zones rules on the following matters –

- (a) building structure design, density, aesthetics, height, buffer zones and setbacks;
- (b) obstruction of public areas
- (c) vehicle movement and parking;
- (d) use of hazardous or flammable materials;
- (e) hours of operation;
- (f) noise and disturbance;
- (g) waste management;
- (h) water and energy management;
- (i) occupational health and safety;
- (j) maintenance requirements;
- (k) compulsory insurance;
- (1) security and access;
- (m) public billing and signage;
- (n) regulation of contractors; and
- (o) any other matter approved by the authority.
- (2) The SEZ Board shall not delegate the responsibility for making the rules under subregulation (1) unless it is satisfied that the zone management company or developer has the capacity to monitor compliance with the zones' rules;
- (3) A developer may recommend to the SEZ Board any measure against zones entities for non-compliance with rules made under subregulation (1)
- 25. (1) Government entities shall -
  - (a) recognise the rights and obligations of zone management companies and developers under these Regulations and their respective agreements;
  - (b) provide reasonable access to areas around zones for the development of supporting infrastructure for the zones; and

Rules for zones

Cooperation requirements

- (c) conclude service level agreements as are necessary, for a coordinated delivery of the required infrastructure and utilities in zones.
- (d) The SEZ Board shall provide government entities with reasonable access to areas inside zones.

### PART VI — Licensing of special economic zone investors

# Types of services or businesses permitted in the zones

- **26.** (1) The following services or business activities may be permitted in the zones
  - (a) agrobusiness activities;
  - (b) manufacturing activities in line with the International Standards Industrial Classification (ISIC);
  - (c) science and technology;
  - (d) warehousing, distribution or logistic services; or
  - (e) internationally traded services
  - (2) A service or business activity, other than a service or business specified under subregulation (1), may be located in a special economic zone if
    - (a) the service or business sells goods or provides services which support the businesses located in the zone; or
    - (b) the number of services or businesses and the area they occupy in the zone do not exceed the area and the number as may be specified in guidelines issued by the SEZ Board.
  - (3) The investors that carry on the services or business activities referred to under subregulation (2) shall not be eligible for incentives under these Regulations.

### Application for investor license

- **27.** (1) Any person who wishes to carry on business activities in a zone shall apply to the SEZ Board, in Form 4 set out in Schedule 2, for an investor license.
  - (a) An application under subregulation (1), to carry on a service or business activity referred to under regulation 25 (1), shall include
    - (a) a written statement describing the proposed business activities to be carried on by the applicant;
    - (b) proof that the proposed project constitutes an investment which is compatible with the approved detailed master plan of the zone;
    - (c) a business plan specifying -
      - (i) the class or kind of services to be rendered or goods to be produced or processed in the zone
      - (ii) the type of raw material to be used in any production, manufacturing, processing or assembly operations, and
      - (iii) the markets, together with the percentage breakdown, into which the applicant intends to sell its rendered services or finished products
    - (d) a financial plan showing that the applicant has access to adequate debt financing and is adequately capitalised;
    - (e) where an applicant is applying for incentives, a statement establishing that the applicant intends to engage in processing operations or manufacturing and to export 100% of its annual sales or production, except in cases where an exemption from the 100% requirement has been granted by the Minister in accordance with these Regulations.
    - (f) where applicable, the estimated time schedule for the design, construction and activation of the applicant facilities which inter alia include designing, construction and activation thereof:
    - (g) estimated number of employees to be employed by the applicant, together with their skills levels;
    - (h) A detailed plan of the proposed supply chain development and a MSMEs linkages programme
    - (i) estimated number of jobs which will be created outside the zone which will be created as a result of the applicant's business activities;
    - (j) where applicable, an environmental impact assessment undertaken in accordance with the Environmental Assessment Act and other applicable environmental laws; and
    - (k) any additional information in support of the application as the SEZ Board may deem necessary.
  - (b) Where any additional information is required under subregulation (2) (i), the SEZ Board shall afford the applicant reasonable notice to submit such information.
  - (c) An application under subregulation (1) shall, in respect of a service or business activity referred to under regulation 25 (2), be accompanied
    - (a) an abridged business plan specifying the proposed business activities or services to be conducted in the special economic zone;

- (c) any other information and supporting documents as may be determined by the SEZ Board
- (d) On the basis of the recommendation of the SEZ Board, the Minister may exempt an applicant from the provisions of subregulation (2) (e).
- 28. (1) An application under regulation 26 (1) shall be made through a one-stop service centre
  - (2) Notwithstanding the provisions of subregulation (1), the SEZ Board may require an applicant to appear for an interview
    - (a) in person in person or through their representative; or
    - (b) by participating in a video, telephone or voice over internet protocol conference
- 29. (1) In considering an application referred to under regulation 26 (2), the SEZ Board shall have regard to
  - (a) technical requirements for the public security, labour, safety, protection of public health, national or consumer protection or general financial matters;
  - (b) technical requirements as determined by the SEZ Board;
  - (c) environmental protection requirements, which may incorporate measures included in the applicant's environmental impact statement as provided in accordance with these Regulations and other relevant written laws; and
  - (d) requirements directly related to mitigating potential threats to financial stability and consumer protection.
  - (2) An investor licence, in respect of an application referred to under regulation 26 (2), may issued
    - (a) minimum capital for investments as determined by the SEZ Board;
    - (b) in respect of an application for -
      - (i) a new business;
      - (ii) the relocation or expansion of an existing business from a customs territory to a zone;
      - (iii) the relocation or expansion of an existing business from one zone to another, and
      - (iv)regardless of whether the special economic zone is the applicant's primary place of
  - (3) An application referred to under subregulation (2) fb) (ii) shall include a statement establishing that no part of the operations of the existing business is to be moved to the zone
  - (b) the applicant intends to export 100% of its annual production or sales, except in cases where an exemption from the 100% requirement has been granted by the Minister in accordance with these Regulations;
  - (c) the investment in the zone is an incremental investment that will generate new products or services and employment in addition to those provided by the operations of the existing business;
  - (d) no job losses in the existing business will occur as a result of the relocation or expansion to the zone
  - (2) An referred to under subregulation (2) (b) (iii) shall include
  - (e) a statement by the applicant which is supported by documents or justification or sound and substantial business reasons for the proposed relocation or expansion;
  - (f) confirmation, in writing, by zone management company or the developer of the zone from where the applicant intends to relocate its business, that
    - (a) any loss of employment would not have a significant adverse effect on the zone as a whole;
    - (b) the loss of investment would not have a significant adverse effect on employment on other businesses under regulation 25 (2) located in the zone; and
    - (c) in its opinion, the proposed relocation would not have any adverse effect on existing investors in the zone and outside the zone;
  - (g) confirmation, in writing, by the zone management company or developer of the zone to which the applicant intends to relocate its business, that
    - (a) having examined the applicant's proposed project, it supports the proposed relocation; and
    - (b) in its opinion the proposed relocation would not have any adverse effect on existing investors in the zone
- **30.** (1) Where the SEZ Board determines that an application under regulation 26 is incomplete or deficient, the Authority shall, within seven days of receipt of the application inform the applicant by notice in writing of such determination, stating the reasons therefor;
  - (a) The applicant shall within 14 days of receipt of the notice referred to under subregulation (1), submit a complete or corrected application to the SEZ Board.
  - (b) Where the SEZ Board fails to notify the applicant within the period specified under subregulation (1), the application shall be deemed to be complete: Provided that the SEZ Board may, at any time during the evaluation of the application, request an applicant to provide such additional information as may be deemed necessary to complete or supplement its application.
  - (c) The SEZ Board may

Application through one stop service centre

- (a) conduct such investigations into any matter related to the application as it may deem necessary; and
- (b) conduct such inspection of the applicant as it may deem necessary
- **31.** (1) The SEZ Board shall, within 14 days of receipt of an application under this Part, where it is satisfied that the application meets the requirements of regulation 26 (2) or (4) or 28 (1), issue to the applicant an investor license in Form 5 set out in Schedule 2.
  - (a) The SEZ Board shall, within seven days after the decision to approve an application under this Part, notify the applicant, in writing, that the application has been approved.
  - (b) Where the application is refused, the SEZ Board shall notify the applicant, in writing, within seven days of the decision, stating the reasons for the refusal.
  - (c) The SEZ Board may impose such conditions on the issue of an investor license as it considers appropriate.
  - (d) An investor license issued under subregulation (1) shall be valid for a period not exceeding 50 years from the date of issue, and be issued in line with the period of any lease the investor may be granted for buildings or land they occupy in the zone
- **32.** There shall, in respect of the business activities or services referred to under regulations 25 (1), be no quota or limit on
  - (a) the number of investors in the zone; or
  - (b) the number of licenses issued to investors
- **33.** (1) On receiving a recommendation from the SEZ Board, the Minister shall prescribe a negative list of activities that are prohibited or restricted from being undertaken within the special economic zones.
  - (a) The restricted activities under subregulation (1) shall include any activity likely to pose a substantial threat to financial stability, safety, health, environment, national security and consumer rights.
  - (b) A person who intends to conduct a restricted activity shall apply to the SEZ Board in Form 6 set out in Schedule 2, for a license.
  - (c) The SEZ Board may approve an application under subregulation (3) if it is satisfied that the applicant can adequately mitigate or avoid the risks specified under subregulation (2).
  - (d) The SEZ Board shall provide the necessary assistance to any person intending to make an application under subregulation (3), including providing a description of the documents and information necessary to support an application for each type of restricted activity.
  - (e) An investor seeking to undertake a restricted activity and expand its activities shall apply for a separate license for that activity.
  - (f) The prohibited activities under subregulation (1) shall include those activities that pose a threat to financial stability, safety, health, environment, national security and consumer rights for which there is no possibility of avoiding or mitigating the threat.
  - (g) The Authority shall regularly review the negative list of activities.
- **34.** In order to enter into service level agreements with the relevant government entities, the SEZ Board shall
  - (a) consolidate and streamline procedures for licensing of investor;
  - (b) coordinate information sharing; and
  - (c) support the regulatory functions of relevant government entities with respect to the activities of zone residents and investors: Provided that the service level agreements shall, to the extent possible, not impose any additional burden on the investors and residents.

PART VII — Cancellation, revocation, suspension or variation of licences

- **35.** (1) A license issued under these Regulations may be revoked, cancelled or suspended if the licensee obtain the license on the basis of fraud, misrepresentation or false or misleading statements;
  - (a) fails without reasonable explanation to carry on the business activity or implement the activity is respect of which the license was issued;
  - (b) fails to comply with the terms and conditions of the license
  - (c) contravenes any provision of the Act or any other written law
  - (d) fails to comply with or contravenes with the customs or excise rules and procedures that are applicable to that license.
  - (2) Where it intends to cancel a license in accordance with subregulation (1), the SEZ Board shall
    - (a) inform the licensee, in writing, of the intention to cancel the license and the reasons therefore
    - (b) request the licensee, in writing, to make written representations to the Authority within 14 days of receipt of such request;
    - (c) give the licensee a written response to the representations made by the licensee within 14 days from the date the representations were made.
  - (3) Where it intends to suspend a license in accordance, the SEZ Board shall
    - (a) inform, in writing, the licensee of its intention and the reasons thereof; and

Issuance of investor license

No limit or quota on investor

Negative list

Service level agreement

Cancellation, revocation, suspension and variation of licenses

- (b) in writing, give the licensee 30 days' notice within which the licensee shall –
- (c) comply with the conditions or terms of the license; or
- (d) show reasons or cause why the license should not be suspended.
- (4) The SEZ Board shall, at the expiration of the periods specified under subregulations (2) (b) and (3) (b) and after considering any representations made by the licensee, the SEZ Board is satisfied that there are reasonable grounds to suspend or cancel the licensee, the SEZ Board, in writing, to the licensee, revoke, cancel or suspend the license.
- (5) The SEZ Board may suspend a licensee for a period not exceeding six months.
- (6) Where there is good cause shown by a licensee, the SEZ Board may lift the suspension of the license:
- (7) A license issued under these Regulations may, upon application by the licensee to the SEZ Board in accordance with section 33 (3) of the SEZ Act, be varied.
- (8) An application under subregulation (7) for variation of license shall be in Form 7 set out in Schedule 2

Register of licenses

- **36.** (1) In line with the form set out in Schedule 4, the SEZ Board shall establish and maintain a register of licenses.
  - (a) In respect of each license, the register shall include
    - (a) the company name of the licensee;
    - (b) the physical address at which the licensee carries on its business;
    - (c) the size of investment and capital of the licensee;
    - (d) all authorised activities carried out by the licensee; and
    - (e) any variation, cancellation or suspension of the licensee
  - (2) Where –

One

stop

service

- (a) the licensee ceases to carry on the business to which the licence relates; or
- (b) a change occurs in any particulars which are required to be entered in the register with respect to the licensee,

within 14 days of the occurrence of the event concerned, the licensee shall give to the SEZ Board the particulars of the change in writing.

### PART VIII — Annual returns by zone management companies

- **37.** On an annual basis, a zone management company shall submit annual returns to the SEZ Board with following information with regard to the relevant zone
  - (a) zone investments undertaken during the preceding calendar year and the investments projected for the following calendar year which inter alia include the number, size, investment levels, employment and business activities of all investors
  - (b) total area of zone land, buildings and infrastructure under development, and the projects being constructed thereon
  - (c) all performance indicators specified in the zone management agreement or development agreement as required by the SEZ Board for monitoring and evaluation purposes;
  - (d) letters of continued financial good standing from the developer's bankers; and
  - (e) any other information as may be required by the SEZ Board.

### centre responsibilities, the SEZ Board shall establish and administer – (a) one stop service centre for each zone; and (b) a central coordinating one stop service centre at the Head Office of the SEZ Board (2) The SEZ Board shall -(a) deploy staff adequate staff for the one stop service centre; and (b) ensure that relevant government departments deploy or second such staff as may be required for the performance of the services of the one stop service centres (3) Zone management company or developer shall (a) at its own cost, within the zone it operates, provide sufficient space for the one stop service centre; and (b) comply with the requirement of the one stop service centres. **39.** (1) A one stop service centre shall offer the following services – stop service centre services processing of applications for residence permits, business licensing documents and issuing related licenses or certifications and related reporting information required of zone entities; (b) processing and issuing of (i) visas and work permit for expatriates operating within the zones; and

38. (1) For the purposes of the performance of its functions and exercise of its powers and

- (ii) construction and development permit and certificates of occupancy
- facilitating of
  - (i) customs administration and tax requirements for zone entities on behalf of Namibian Revenue Agency
  - labour reporting obligations
- (d) conduct inspection, investigations and other coordination or enforcement activities of enforcement activities with the relevant government entities;
- (e) receipt of applications, payments, and requests on behalf of the SEZ Board or other relevant government entities;
- (f) response to complaints by zone entities in relation to zones;
- (g) assistance with start-up, operation, and closing of economic activities within the zones;
- (h) technical assistance programmes for new and young entrepreneurs;
- (i) business training, counselling and general assistance;
- (j) feasibility studies and markets research;
- (k) grant assistance and financial advisory services;
- provision of information on recruitment, operating plans, production, marketing, finance, export opportunities, and training; and
- (m) financial support for domestic small businesses.
- (2) The fees under these Regulations shall be paid through the one-stop service centres.
- (3) The SEZ Board shall remit the fees to the relevant government entities in accordance with the terms of service level agreements entered into by the SEZ Board and the relevant government
- 40. In order develop and maintain the capacity of one stop service to fulfil their mandate, the SEZ Board shall -
  - (a) oversee the management of the staff deployed to the one stop service centres;
  - (b) issue guidelines, standard operating procedures, and codes of conduct and enforce internal rules, for staff deployed to the one-stop service centres; and
  - (c) charge fees for the services offered at the one-stop service centres.

#### Responsibilities of zones entities

### PART X — Investment rules for special economic zones

- 41. An investor, zone management company or developer shall
  - (a) where there is a change in the particulars it submitted for licensing, notify the one-stop service centre of the change, in writing, within 14 days after the change;
  - (b) upon request by the SEZ Board or any relevant government entity, provide proof of licensing;
  - (c) notify the SEZ Board, in writing, prior to any change in activities that relate to the conditions upon which the license was issued;
  - (d) acquire and take possession of real estate within the relevant special economic zones no later than 60 days after the date the license is issued, unless otherwise stated in the license;
  - (e) commence construction and business activities authorised by the license no later than 24 months after the date the license is issued unless otherwise stated in the license;
  - manage any waste produced as a result of its activities;
  - (g) maintain company records, books, accounts, and financial statements in accordance with the financial reporting standards issued under the Financial Reporting Act;
  - (h) record, in an automated inventory-control and record keeping system, any information required under the Customs and the Excise Act or other written laws relating to customs;
  - promptly notify the SEZ Board, in writing, of any actual or potential discrepancy discovered between its records and those of the Namibia Revenue Agency;
  - maintain separate records for activities within special economic zones and activities outside special economic zones, where the investor conducts simultaneous economic activities within and outside the special economic zones;
  - (k) assume full responsibility, including tax arid penal liability, for all goods that cannot be accounted for, including such liability as may result from a presumption that such goods were removed from a special economic zone into the customs territory;
  - cooperate with the SEZ Board and all other relevant government entities by granting such entities access to its premises and records to inspect and verify compliance with the relevant written laws;
  - (m) comply with the Income Tax Act and other written laws relating to tax.

### National treatment

42. (1) The SEZ Board and other relevant government entities shall accord to zones entities of foreign nationality, treatment equal to that accorded to nationals with respect to all business activities, in accordance with the relevant written laws;

- (2) An investor, a zone management company or developer of foreign nationality shall, within a zone -
  - (a) be entitled to freely exercise any business activity open to similar domestic or foreign businesses as approved by the SEZ Board;
  - (b) not be subject to any minimum capital requirements when reinvesting profits in new or existing projects; and
  - (c) not be subject to any foreign ownership limits or domestic-ownership requirements.
- **43.** (1) Any land purchased or leased under these Regulations shall be subject to the master plans and zoning requirements applicable to that land.
  - (2) Any construction or development activity on land purchased or leased under these Regulations shall be completed within 24 months of the date of purchase or in accordance with the terms specified in the agreements between the parties, whichever is less.
- **44.** (1) If the SEZ Board establishes that any land was purchased or leased under regulation 45 (1) for purposes of speculative investment in zone land, the SEZ Board shall take any of the following actions as may be considered appropriate
  - (a) require the purchaser to pay the open market value of the transferred title or lease, less the inflationadjusted cost if the land is transferred on a freehold basis;
  - (b) rescind the purchaser to pay the open market value of the transferred title or lease, less the inflation-adjusted cost if the land is transferred on a freehold basis; or
  - (c) impose on the purchaser the payment of rent on the transferred special economic zone land for six months or until another investor or resident purchases or leases the land, whichever occurs first:

Provided that the rent shall be paid for the benefit of the party that validly transferred the interest to the zone land initially.

(2) For the purposes of subregulation (1), "open market value" means the annual rental at which the land is expected to be let in the open market as a whole, by a single lease by a willing landlord, to a willing tenant, with vacant possession.

### Master plan and zoning criteria

### PART XI — Land use rules and building and utility controls

- **45.** (1) The SEZ Board shall, in collaboration with the government entity responsible for land use planning, selected developers and zone management companies, consider and finalise the proposed land use master plans submitted by developers for each zone.
  - (2) The SEZ Board shall ensure that all master plans within the zones do not conflict with existing land use controls for the areas surrounding the zones or related development objectives of the Government.
  - (3) Any master plan approved or made by the SEZ shall, in respect of any land within a zone supersede any previous conflicting land use controls for the same land.
  - (4) The Authority shall prescribe the procedures and criteria for approving or rejecting land use master plans and zoning criteria developed by developers.
- **46.** (1) The SEZ Board shall establish and maintain a registry of special economic zones maps, surveys, deeds and leases.
  - and leases.
    (2) The registry established under subregulation (1) shall include
    - (a) a comprehensive map containing data on all immovable property in the special economic zones;
       and
    - (b) the registered interests in those properties
  - (3) The registry established under subregulation (1) shall be open for inspection by the public.
  - (4) The SEZ Board shall enter into service level agreements with the ministry responsible for land and deeds registration in order to address any technical matters for the implementation of the Act.
- **47.** (1) The SEZ Board may, in consultation with the relevant competent authorities, prescribe the following for zones
  - (a) a building code;
  - (b) development and construction permits;
  - (c) certificates of occupancy;
  - (d) procedures and criteria for the approval of development and construction works;
  - (e) the period within which
    - (i) a building permit shall be obtained effective from the date of purchase or lease of the land on which the business activity is to be conducted;

Maps, surveys, deeds and lease register

Regulation of construction in zones

- (ii) construction works shall commerce;
- (iii) business operations and production shall commerce;
- (iv) strategic environmental assessment, environmental assessment and environment plans.
- (2) The SEZ Board may, where it is satisfied on good cause shown, extend any of the periods referred to under subregulation (1) (e).
- (3) The relevant government entities shall cooperate with the SEZ Board in any matter related to land use planning, development and regulation of construction in zones, in order to give effect to the Act.
- **48.** (1) The following shall not be permitted within the zones
  - (a) discharge into water or land or emission into air of any substance beyond thresholds specified by the SEZ Board;
  - (b) noise above the specified decibel limits set by the SEZ Board for particular areas
  - intensive exploitation of natural resources over the minimum levels determined by the SEZ Board for particular resources;
  - (d) nuisance affecting the ability of zone entities or persons outside the zones to enjoy or use their property
  - (2) The Minister responsible for environmental affairs shall, by notice in the *Gazette*, publish a list of activities that may be undertaken within special economic zones without environmental authorization
  - (3) The notice under subregulation (2) shall include the activities that, due to their nature or scale cannot be reasonably expected to have a significant impact on the environment.
  - (4) A developer shall not, without an environmental authorisation undertake any activity that requires such authorization.
  - (5) Notwithstanding the generality of subregulation (1) the activities that require an environmental authorisation shall include
    - (a) the construction, installation, operation, modification, or extension of
      - (i) sewage works;
      - (ii) any new transmission or release outlet for the release of pollutants; and
      - (iii) any infrastructure projects, industrial or commercial facilities, where such activities will cause an increase in the release of pollutants or otherwise alter the physical, chemical, or biological properties of land, air, or water in any manner not already authorised under any written law; and
      - (b) any increase in volume of released pollutants in excess of the permitted volume specified under any existing environmental authorization;
      - (c) An environmental authorisation shall only be granted upon approval of an environmental impact assessment

General environmental management and regulatory responsibility

- 49. (1) The SEZ Board in consultation with the Ministry responsible for environmental affair, shall
  - (a) prior to the operationalisation of a zone; and
  - (b) on the basis of a baseline environmental survey of the physical, bio-physical and socio-economic cultural conditions in the special economic zone submitted by the developer, determine environmental quality standards and maximum load capacities for specified pollutants applicable to a zone project site.
  - (2) The quality standards and load capacities determined under subregulation shall, in respect of the zone project site, form the basis
    - (a) the volume of pollutants and waste permitted to be released; and
    - (b) the development to be permitted.
  - (3) At least every three years, in consultation with the SEZ Board, the Ministry responsible for environmental affairs shall
    - (a) determine their adequacy in light of current national environmental priorities; and
    - (b) revise the standards as appropriate
  - (4) The SEZ Board shall incorporate the standards determined under subregulation (1) into the zone development control code
  - (5) The standards determined under subregulation (1) shall not be above the prescribed national standards.
  - (6) Upon establishment of the environmental quality standards under subregulation (1), the Ministry responsible for environmental affairs shall in collaboration with the relevant developer or zone management company and the SEZ Board prescribe procedures for addressing any existing environmental challenges and concerns.
  - (7) The Ministry responsible for environmental affairs shall, in consultation with the SEZ Board, designate areas within special economic zones for the protection of water supplies, biodiversity or other environmental resources.
- **50.** (1) In order ensure that the environmental burdens resulting from development or other activities are reduced to a minimum, a developer who undertakes an activity, other than an activity under regulation 50 (2), shall submit to the Ministry responsible for environmental affairs, a project brief.

Initial environmental management of zones

Impact assessment, mitigation, action plans, etc

- (2) Where the Ministry responsible for environmental affairs determines that an environmental management plan, environmental impact assessment, strategic environmental assessment or environmental assessment statement be made in accordance with the Environmental Assessment Act, the developer shall submit copies thereof and related authorisations to the SEZ Board.
- (3) Where significant impacts have been identified, the developer shall develop a mitigation action plan that contains the strategies for addressing the identified environmental and social risks and impacts.
- (4) The SEZ Board shall, in consultation with the Ministry responsible for environmental affairs, determine the guidelines for implementing the environmental management plans, environmental impact assessment, strategic environmental assessment, mitigations action plans or environmental assessment statements.
- **51.** (1) Prior to commencing any works or extension works on the land within a zone, the developer shall, in consultation with the relevant zone management company, develop an environmental and social management system for the zone.
  - (2) The environmental and social management system shall be appropriate to the nature and scale of the proposed development, operational activities and the level of expected environmental and social impacts.
  - (3) The environmental and social management system, including all environmental and social audit reports and hazard or risk assessment reports, shall be prepared in accordance with the relevant written laws and accepted international practice.
  - (4) Notwithstanding subregulation (3), the environmental and social management system shall comply with
    - (a) the ISO 14001 Environmental Management Systems;
    - (b) ISO 45001 Occupational Health and Safety Standards; and
    - (c) Social Accountability (humane workplace and worker human rights) SA8000 standards.
  - (5) The SEZ Board shall, in consultation with the Ministry responsible for environmental affairs, determine further requirements for special economic zones' environmental and social management systems

Environmental and social management system

### Grant of environmental authorization

- **52.** (1) Where the Ministry responsible for environmental affairs, grants an environmental authorisation the developer shall conduct the activities specified in the environmental management plan, subject to all specified mitigation action plans and conditions specified on the environmental authorization
  - (2) An environmental authorisation may be granted subject to such conditions as may be imposed by the Authority to limit the authorisation to procedures, releases or other activities, based on the environmental management plan, as may be specified on the environmental authorization
  - (3) The Ministry responsible for environmental affairs shall ensure that the conditions imposed under subregulation (2), limit the amount of permitted releases by assigning a developer, a load allocation which shall be determined based on
    - (a) the maximum load capacities, such that the sum total of each pollutant, waste or other substance allowed to be released into air, land, or water under the environmental authorisation does not exceed any maximum load capacity;
    - (b) the amount of releases reasonably necessary for the type of industry in respect of which an environmental authorisation is granted, as demonstrated in the impact statement; and
    - (c) the expected number of industries that will need similar environmental authorisations and around the special economic zone in the foreseeable future
- **53.** (1) The SEZ Board shall, on the basis of information collected from the special economic zone entities
  - (a) compile a zone environmental and social database; and
  - (b) conduct annual inventories.
  - (2) The database and inventories referred to in subregulation (1) shall be used to monitor compliance with environmental obligations by developers
  - (3) The SEZ Board provide the Ministry responsible for environmental affairs with copies of the database and inventories referred to in subregulation (1).
  - (4) The developer shall submit to the Ministry responsible for environmental affairs a report on compliance with the environmental authorization.
  - (5) A copy of the report under subregulation (4) shall be submitted to the Authority.
  - (6) The SEZ Board may inspect any zone facility at any time, with or without notice, to gather information on the environmental performance of the zone entities or on all environmental aspects of their activities for the purpose of monitoring and enforcing

### **Enforcement activities**

compliance with the Act, these Regulations and other relevant written law.

- (7) The SEZ Board may, at any reasonable time
  - (a) access and make copies of any records retained by a zone management company;
  - (b) inspect any monitoring equipment or methods to determine their accuracy; and
  - (c) take environmental samples
- **54.** (1) For purposes of monitoring compliance with relevant written laws
  - (a) the Ministry responsible for environmental affairs may conduct environmental audits of facilities within the special economic zones and any area surrounding the special economic zones:
  - (b) the Ministry responsible for environmental affairs may conduct environmental audits of facilities within the special economic zones and any area surrounding the special economic zones
  - (2) The audits under subregulation (1), shall be prioritised for areas or facilities that
    - (a) engage in activities that have potentially significant adverse environmental impacts
    - (b) have had previous poor environmental performance or non-compliance;
    - (c) have had previous poor environmental performance or non-compliance
    - (d) have been subjected to or caused, or are suspected to have been subjected to or to have caused, serious environmental harm;

### Dealing with non – compliance

**Environmental audits** 

- **55.** (1) Where the Authority or the Ministry responsible for environmental affairs, as the case may be, becomes aware of non-compliance with the Act, these Regulations or any other relevant written law, including any environmental authorisation condition, it shall notify the special economic zones entities and the relevant developer, if different from the special economic zones entities concerned.
  - (2) The SEZ Board or the Ministry responsible for environmental affairs, as the case may be, becomes aware of non-compliance with the Act, these Regulations or any other relevant written law, including any environmental authorisation condition, it shall notify the special economic zones entities and the relevant developer, if different from the zones entities concerned.

### **Public Health**

- **56.** (1) The SEZ Board shall, in consultation with the relevant government entities responsible for public health, ensure the protection of human, animal and plant life within special economic zones from diseases and any other harm
  - (2) The SEZ Board shall, in consultation with the relevant government entities responsible for public health, issue the procedures for the inspection and control of persons, baggage, carriers and goods entering the special economic zones that may pose a threat to human, animal, or plant health.

#### Coordination related to land use and environmental matters

- **57.** (1) The Authority and the government entities responsible for environment, water and natural resources shall, upon request by either party
  - (a) share any information requested by that party
  - (b) attach second or deploy staff to the requesting party;
  - (c) provide technical assistance and training to the requesting party
  - (2) SEZ Board may conclude service level agreements with the government entities responsible for environment, water and natural resources for the performance of any of the functions under this Part

### PART XII — Application of national labour laws

#### Application of national labour laws

- **58.** (1) Subject to subregulation (2) and unless otherwise provided in any written law, the laws of Namibia shall apply within zones.
  - (2) The SEZ Board shall, in consultation with the relevant government entities, issue rules, for the employment by zones entities of key managerial and technical personnel who are not citizens of Namibia.
  - (3) The rules under subregulation (2) shall include matters relating to
    - (a) the terms and conditions of contracts for the key personnel; and
    - (b) the issuance of visas, residence and work permits for such key personnel and their dependents.

### PART XIII - Inspection and enforcement

- **59.** (1) The SEZ Board may, either directly or through an administrative committee, monitor and conduct inspections of the facilities and activities within special economic zones for purposes of ensuring compliance with the Act, these Regulations and other relevant written laws.
  - (2) The zones entities shall cooperate with, and provide assistance to the SEZ Board or an administrative committee, as the case may be in the conduct of inspections under subregulation (1)
  - (3) The SEZ Board shall give notice, in writing, to special economic zones entities, at least 48 hours before an inspection is carried out.
  - (4) Notwithstanding subregulation (3), the SEZ Board may
    - (a) grant any reasonable request by the special economic zones entities to avoid undue interruption to the business activities of the special economic zones entities;
    - (b) without notice and at any hour, conduct an inspection if it has reasonable grounds to believe that there has been a contravention of the Act, these Regulations or other relevant written law.
  - (5) The SEZ Board shall, in conducting the inspections under subregulation (1), consult with relevant government entities and provide them with the necessary information in a timely manner.
  - (6) Any expenses incurred by the SEZ Board in conducting inspections under subregulation (1) or for the purpose of remedying a contravention of the Act or these Regulations shall be recovered from the special economic zone entity responsible for the contravention.
  - (7) Any person who
    - (a) obstruct or interferes with an inspection under subregulation (1);
    - (b) refuses or fails to comply with a request by the SEZ Board under these Regulations; or
    - (c) makes a statement which the person knows to be false or misleading or which he or she does not believe to be true, commits an offense.

## **60.** (1) Where zone entity fails to comply with or breaches any directive of the SEZ Board or any provisions of the Act, the SEZ Board may –

- (a) direct the special economic zone entity, in writing, to comply with or remedy the breach of the directive or remedy the contravention;
- (b) restrict the special economic zone entity from engaging in activities specified by the SEZ Board;
- (c) suspend the zone entity's license
- (d) cancel or revoke the special economic zone entity's licence;
- (e) seek appropriate redress in a court of law; or
- (f) apply any other sanction as the SEZ Board may be authorised to impose under any other relevant written law
- (2) The SEZ Board may impose one or more of the sanctions under subregulation (1), in addition and without prejudice to any other judgment, order, fine, penalty or punishment imposed by any other relevant government entity
- (3) The SEZ Board shall not impose a sanction under subregulation (1) unless it
  - (a) has given the zones entity notice, in writing, of the proposed sanction, setting out the reasons for the proposed action and giving the zone entity a period of at least 14 days to make representations to the SEZ Board about the matter;
  - (b) has taken into account any representations made by, or on behalf of, the special economic zone entity within that period.

### **61.** The following factors shall guide a determination of sanctions imposed against a zone entity under regulation 59 (1)

- (a) the damage, direct or incidental, caused by the contravention, including any harm to
  - (i) other zones entities
  - (ii) the SEZ Board or other relevant government entities
  - (iii) environment, animals or natural resources inside or outside the zones; and
- (b) the appropriate sanction to deter similar conduct by the special economic zone entity or any other person in similar circumstances, taking into account
  - the risk of similar breaches under similar circumstances going undiscovered or undetected or of persons otherwise not suffering loss for having committed the breach, except that the purchase of insurance to cover the loss shall not be considered in the determination of sanctions
  - (ii) the potential benefit the persons stood to gain from committing a breach or from not taking adequate precautions to avoid such breach, and
  - (iii) the ease with which precautions could have been taken to prevent or reduce the risk of

#### Sanctions

# Factors to guide determination of sanctions

	occurrence of the breach
Consultations	occurrence of the ofeach
with other stakeholders	<b>62.</b> In the performance of its functions or exercise of its powers, the Authority shall, where appropriate, consult with the relevant government entities and the special economic zones entities
Fees	PART XIV — <i>Authority Fund, Penalties and Fees</i> 63. (1) For any of the authorized activities under the Act which inter alia include any fees for licensing, registration and permits, the SEZ Board shall publish a schedule of fees that the SEZ Board may charge.  (2) In order comply with the Regulations and to facilitate effective regulatory system, the SEZ Board shall update the fees schedule regularly as necessary.
Collection of fees	
	<ul> <li>64. (1) The SEZ Board shall publish a schedule of all fees, charges and levies owed to relevant government entities owed to the relevant entities in connection with the establishment and operation of a business within a zone, including permitting, registration and licensing fees.</li> <li>(2) The fees under subregulation (1) shall include the following: <ul> <li>(a) registration or incorporation of companies' charges;</li> <li>(b) fees for professional and legal services offered to companies in the zones;</li> <li>(c) fees on annual information update and filing and evaluation fees on socio-environmental assessment and mitigation plan;</li> <li>(d) land rent and land rates;</li> <li>(e) connection charges for public utilities;</li> <li>(f) visa fees;</li> <li>(g) national social security fund levies</li> <li>(h) national hospital insurance fund levies;</li> <li>(i) training levy; and</li> <li>(j) any other statutory fee applicable for activities authorized under the Act</li> </ul> </li> <li>(3) As may be required by the relevant laws, the SEZ Board may consolidate charges, levies and fees imposed on the zones' enterprises.</li> <li>(4) The fees under this Regulation may be paid through the one stop service centre and the SEZ Board shall remit the fees to the relevant government entities in accordance with the terms of service level agreements entered into by relevant government entities and the SEZ Board.</li> </ul>
Offenses and penalties	<ul> <li>65. A license who – <ul> <li>(a) contravenes any provisions of these Regulations, for which no penalty is provided;</li> <li>(b) fails to comply with any direction given or request made by the SEZ Board under these Regulations;</li> <li>(c) fails to comply with any conditions of the license,</li> </ul> </li> <li>where such as person commits an offence and is liable to a fine not exceeding N\$100,000 or to imprisonment a term not exceeding five (5) years, or to both.</li> </ul>
	where such a person is not a natural person, to a fine not exceeding N\$500 000.
	PART XV: Financing and Supporting Measures
Special Economic Zones Fund	<b>66.</b> (1) In line with section 9 (1) of the Act, the Minister may, with the concurrence of the Minister of Finance, from money voted by Parliament establish a Special Economic Zones Fund to support the promotion and development of Zones.
	(2) The Minister may, in consultations with the Minister of Finance, set aside funds from fees, levies, penalties and taxes collected from the zones to support the promotion and development of the zones.
Support Measures	<b>67.</b> (1) The Minister shall determine and implement support measures, including incentive schemes, for developers, operators and businesses operating within the zones set out in Schedule 5.
	(2) The Minister may, with the concurrence of the Minister of any relevant government department, design and administer support measures or other support programs.

PART XVI: Minimum Physical Characteristics of Special Economic Zones

68. (1) Markings shall be as follows

- (a) Clearly marked GPS Coordinates;
- (b) Land size given and recorded in the Gazette;
- (c) Demarcated by boundary fence for Zones of 500 hectares or less;
- (d) Zones size can range from 5 hectares to 10,000 hectares of land
- (e) Signposted with developer of zone management company Logo, name and contact details
- (f) Security access control and exit points;
- (f) Security System;
- (g) Fire Fighting systems/ Police Post/.
- (2) Minimum 33kVA powerline at boundary.
- (3) Minimum 100mm portable water supply line at boundary.
- (4) Minimum 18m dual lane access road at boundary.
- (5) Minimum tarmac paved internal road network.

### PART XVII: Implementation of the Regulation

#### Cooperation Agreements with other government entities

- **68.** (l) By entering into service level agreements with the SEZ Board, all relevant government entities shall cooperate with the SEZ Board in the implementation of the Act and these Regulations, to
  - (a) facilitate the processing of licenses, permits, registrations, and other approvals;
  - (b) facilitate the collection of any fines, fees or penalties;
  - (c) enforce any provision of the Act, monitor and coordinate the implementation of the Act
  - (d) facilitate the training of the one-stop centre staff to perform their functions effectively;
  - (e) share information with the SEZ Board through shared electronic databases and other means as necessary;
  - (f) hold regular meetings to coordinate activities and facilitate communication as often as necessary;
  - (g) regulate the attachment, secondment or deployment of staff to the zones; and
  - (h) coordinate inspections or investigations so as to avoid unnecessary disruption or interference with the normal and lawful activities of zones end users.
  - (i) undertake any activity that may be lawfully undertaken jointly by the them
  - (2) The SEZ Board may take measures with regard to any of the matters provided for under the Act and the Regulations if-
  - (a) the service level agreement or any agreement of the relevant government entities do not adequately address all constraints, needs or zones end user demands within one financial year after the date of operational effectiveness of the SEZ Board; or
  - (b) the SEZ Board determines that any service level agreement or other agreement executed with a relevant government entity has not been fulfilled in whole or in part.

### **SCHEDULE 1**

### (reg. 4 (1))

### **Guidelines for Feasibility Study Report**

A proposal for the establishment of a special economic zone shall be accompanied by a feasibility study report containing the following information:

- (a) A statement of intent and executive summary
- (b) A general overview of the area where the special economic zone is intended to be located, including information on and analysis of:
  - (i) demographic profile of the population of the area;
  - (ii) socio- economic profile of the area including the rate of unemployment, education, health and human development profile;
  - (iii) economic profile of the area including an analysis of existing enterprises by size and sector within the municipal boundaries of the proposed special economic zone; and
  - (iv) availability of utilities
- (c) Economic rationale for the proposal for the establishment of a special economic zone including information on and analysis of:
  - (i) projected outputs and expected key outcomes of the special economic zone;
  - (ii) projected economic impact of the zone on the economy
  - (iii) projected employment created during the various phases of the establishment of the special economic zone, the sectors within which employment will be created and the nature of the employment, whether it is: (aa) permanent or temporary employment; or
    - (bb) direct or indirect employment.
  - (iv) industrial activity targeted by the special economic zone and the sectors targeted;
  - (v) additionally, what the targeted industrial activities will create in the economy by demonstrating, amongst other things:
    - a. extent of export of value-added products;
    - b. extent of import substitution;
    - c. beneficiation of raw materials and mineral resources;
    - d. skills training and transfer;
    - e. innovation and intellectual property development including the scope of new markets and manufacturing or distribution innovations;
    - f. alignment with existing initiatives on training business development retention and expansion and infrastructure upgrades;
    - g. use or and impact on processing and manufacturing technologies;
    - h. nature and maturity of manufacturing technology to be used by businesses intending to locate in the special economic zone;
    - i. localizing plan including:
      - i. impact on supplier development and potential to develop a cluster of enterprises to achieve commercial viability;
      - ii. projected procurement including the use of local materials, technologies and labour
- (d) Social impact of the proposed zone including information on and analysis of:
  - (i) housing;
  - (ii) health;
  - (iii) education;
  - (iv) access to public transportation;
  - (v) safety and security.
  - (vi) availability of basic services
- (e) Business plan for the special economic zone, including information on and analysis of:
  - (i) special economic zone strategy
  - (ii) ownership structure of the special economic zone including a shareholders' agreement indicating the nature and extent of shareholding, requirements for transfer of shares and requirements for the distribution of assets upon liquidation or expiry or revocation of the declaration establishing the special economic zone
  - (iii) comprehensive market analysis identifying the following in relation to the proposed special economic zone:
    - a. strengths, weaknesses, opportunities, threats;
    - b. local and external clients;
    - c. potential markets and competitors;

- d. future prospects; and
- e. attractiveness to potential investors to locate in the special economic zone;
- (iv) Operating Plan for the special economic zone including information on and analysis:
  - i. how the applicant will develop, operate and maintain the special economic zone;
  - ii. suppliers that will provide services necessary to operate the special economic zone and the contractual arrangements that will be entered into with these service providers;
  - iii. facility management arrangements;
  - iv. engineering and development alignment gaps and priorities in infrastructure located outside the special economic zone in relation to infrastructure to be located within the special economic zone;
     and
  - v. Financial Plan for the special economic zone including analysis of; (aa) projected total cost of establishing the special economic zone; [bb) sources of funding to establish the special economic zone:
  - vi. projected 10 -year income statement, balance sheet and cash flow statement for the special economic zone:
  - vii. projected return indicators on capital;
  - viii. projected revenue and operational costs breakeven projections for various scenarios;
  - ix. access by the applicant to financial resources equal to at least 209c of the development cost of the proposed special economic zone and supporting documents demonstrating access;
  - x. access by the applicant to financial resources to fund operational expenditure of the special economic zone for 5 years and supporting documents demonstrating access; and
  - xi. the extent to which the applicant owns or controls the area to be considered for establishment as a special economic zone;

### APPLICATION TO CONDUCT ONE OR MORE RESTRICTED ACTIVITIES IN A SPECIAL ECONOMIC ZONE.

(reg. 32(3))

This application may be from existing licensees or from those who intend to apply for an investor licence pending the outcome of this application).

Restricted activities within special economic zones as defined at regulation 29 of the Special Economic Zones Regulations 2024

Restricted activities are activities which the Minister considers are likely to pose a substantial threat to health, safety, environment, national security, consumer rights and financial stability.

The Minister will publish a list of restricted activities from time to time.

Those who wish to conduct a restricted activity in a special economic zone are required to complete Form 6 "Application to conduct one or more restricted activities in a special economic zone". Where the Authority approves of the proposed activities and the applicant is a new investor, the applicant will be required to apply for an investor licence should he/she wish to conduct the business on a special economic zone.
